

Oxford University MATLAB Installation

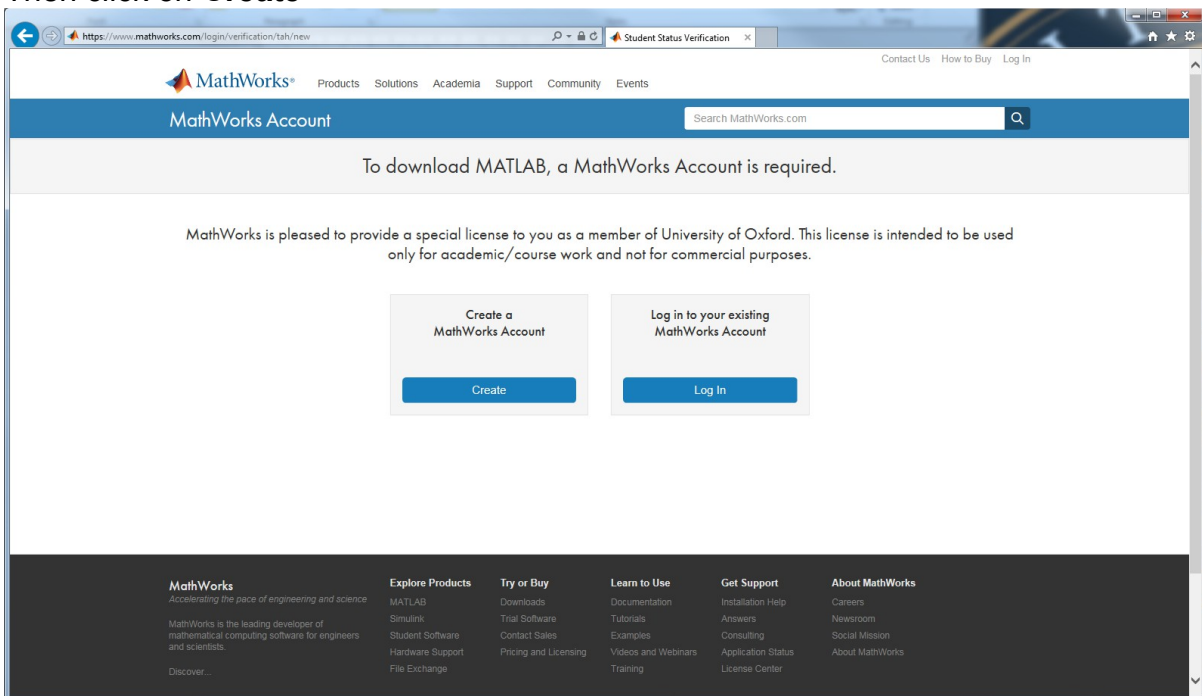

To install MATLAB onto your computer, go to the web page

<https://www.mathworks.com/login/identity/university?entityId=https://registry.shibboleth.ox.ac.uk/idp>

Use your University of Oxford, single sign-on username and password.

Then click on **Create**

Fill in the form

The screenshot shows the MathWorks Account creation page. The browser address bar displays the URL: <https://uk.mathworks.com/mwaccount/profiles/identity/bf645d41-e2c4-429a-8a47-3ddb9d1eb0c/university/new?re>. The page header includes the MathWorks logo and navigation links: Products, Solutions, Academia, Support, Community, Events, Contact Us, How to Buy, and Log In. A search bar is located in the top right corner.

The main content area contains the following text and form fields:

To finish creating your profile, provide the following information:

We recommend using a password different from your university account.

Email Address
You will need to verify your email address

First Name

Last Name

User ID (Optional)

Password

Password Confirmation

Country

Department

What describes your role?

School / University

The system will then send you an Email

The screenshot shows the MathWorks Account verification page. The browser address bar displays the URL: <https://uk.mathworks.com/mwaccount/profiles/identity/bf645d41-e2c4-429a-8a47-3ddb9d1eb0c/university/verify?i>. The page header is identical to the previous screenshot.

The main content area contains the following text and instructions:

Verify Your MathWorks Account

1. Go to your inbox for **Your Email Address will be here**
2. Click the link in the email we sent you.

Didn't get the email?

1. Check your spam folder.
2. [Send me the email again.](#)
3. For additional assistance, see [Email Verification](#) or contact [Customer Support](#).

The footer contains the following information:

MathWorks
Accelerating the pace of engineering and science
MathWorks is the leading developer of mathematical computing software for engineers and scientists.

MathWorks Customer Service Team

[Privacy policy](#)

This will then take you directly to the MATLAB download page.

1. MAC user have a look at page 4 before selecting a release.
2. When you run the installer, you will be asked to select an an **Installation Method**. Select **Log in** with a MathWorks Account.
3. Later, you will be asked enter an **Email address** and **Password**. Use the same **Email address** and **Password** that you used to create your account on the MathWorks web site.
4. When asked to **Select a license**, Choose the license with the **Individual** Label.
5. When ask to select the products, there are over 80 additional toolboxes available to install. If you are using a wireless connection, or standard broadband network connection at home, it will take many hours to download all the toolboxes. In these cases, select just MATLAB and the toolboxes you need. You can run the installer again later and add additional toolboxes.

Which release of MATLAB to download for my MAC?

If you are using the MAC operating system OSX 10.11 or above, then you can download and install MATLAB release R2017b.

To find which version of OSX you are using.

On the Mac, Click on the apple in the far top left.

Select **About this MAC**

If you have an older version of the MAC operating system, you will have to download an older release of MATLAB. See the table below.

MAC Operating System		MATLAB Release to Use
High Sierra	macOS 10.13	R2017b
Sierra	macOS 10.12	R2017b
El Capitan	OS X 10.11	R2017b
Yosemite	OS X 10.10	R2017a
Mavericks	OS X 10.9.5	R2015b
	OS X 10.9	R2014b
Mountain Lion	OS X 10.8	R2014b
Lion	OS X 10.7.4 & above	R2014b
	OS X 10.7	R2012a or R2012b
Snow Leopard	OS X 10.6.4 & above	R2012a or R2012b
	OS X 10.6.x	R2010b
Leopard	OS X 10.5.8 & above	R2010b
	OS X 10.5.5 & above	R2010a
	OS X 10.5.x	R2008b

To download an older release of MATLAB is very similar to an ordinary download. On the Downloads select the release you need.

Eric Peasley (Eric.Peasley@eng.ox.ac.uk) October 2017
